

BPL Air Purifier *AP-01*

Breathe Healthy

Happier Living Everyday

Make No Compromises in the air you breathe

Asthma - It's Closer Than You Think

Did you know that the air you breathe indoors is 5x more contaminated than outdoor air? Exposure to these pollutants causes shortness of breath, cough, eye and nose irritations that lead to asthma, hay fever and other respiratory illnesses.

DUST

ODOUR

CIGARETTE
SMOKE

MOULDS &
ALLERGENS

PET HAIR

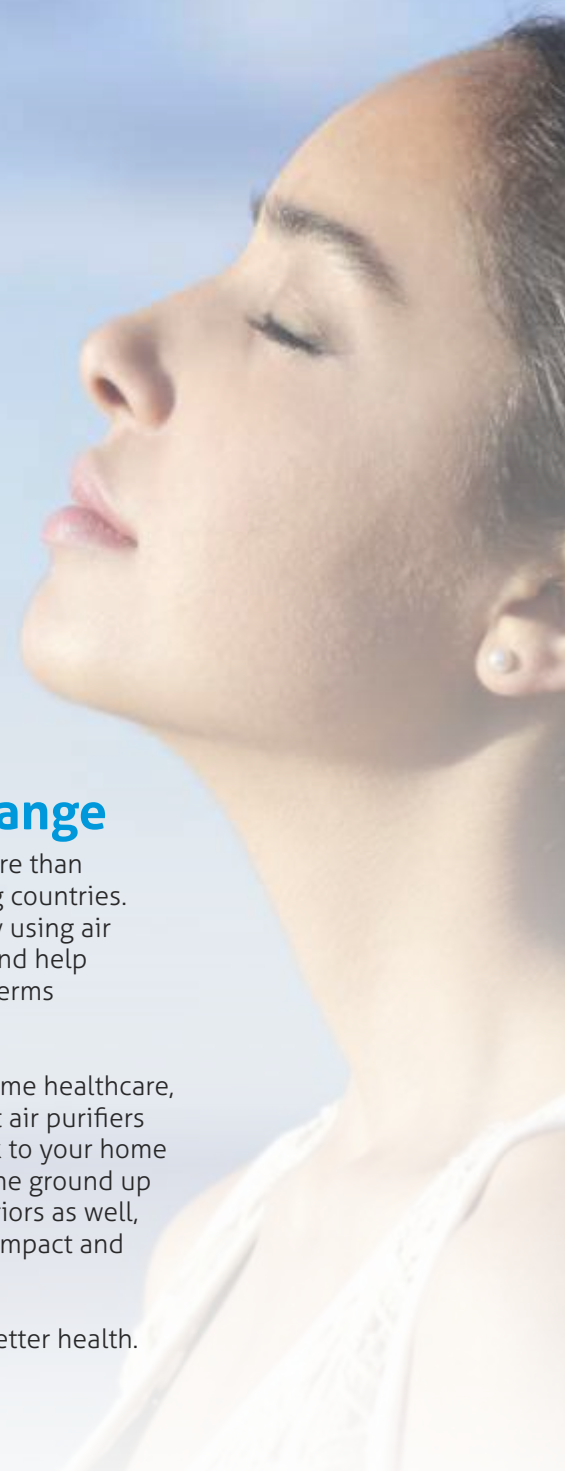

CHEMICALS

Embrace the change

Indoor air pollution claims more than 2 million deaths in developing countries. Take a step towards change by using air purifiers that trap pollutants and help you breathe fresh air free of germs and pollutants.

As pioneers in medical and home healthcare, our latest range of Air-o-Smart air purifiers are built to bring pure air back to your home and office spaces. Built from the ground up to be a perfect fit to your interiors as well, Air-o-Smart air purifiers are compact and stylish as well.

March towards fresh air and better health.

Negative ion technology
3 Million Pcs/cm³

Compact & Portable - carry it around
wherever you go

Low power consumption

Noise-free operation

LED light with sensor

Breathe Smart. Wherever you are.

Negative ions are present in abundance in natural habitats where you breathe pure unadulterated air. Bring home a piece of nature through BPL Air-o-Smart purifiers that disperse pure negative ions to help you breathe fresh air wherever you want - be it your home or work space. By neutralizing free radicals and improving cell metabolism, negative ions help you breathe smart and live healthy. By attaching themselves to positively charged pollutants, Air-o-Smart's negative ions trap every pollutant down. This compact purifier fits in your palm making it easy for you to carry it along wherever you go.

Breathe your way to a healthier life
