Lumbar Support

Contoured Lumbar Support

- Double pull mechanism ensure secure fit and better immobilization
- Anatomically contoured splints maintain the natural body posture
- Made of light, breathable, elastic material
- Controlled compression, sizing flexibility and easy application and removal of the belt

Lumbar Support

- Strong elastic fabric provides firm, comfortable support for lower back
- Retains body heat for constant heat to lower back muscle group
- Porous elastic webbing improves ventilation and patient comfort
- Comfortable immobilization makes it ideal for everyday use in case of mild back ache

Knee Cap

- ❖ Four-way stretchable fabric ensures effective compression along with user comfort
- ❖ Unique weave provides uniform compression throughout the surface of knee
- ❖ Retains the body's natural heat to provide therapeutic and soothing warmth to joints and muscles
- ❖ Easily slips on and remains securely in place without bunching or rolling

Soft Cervical Collar

- ❖ Designed with vents for breathability
- ❖ Moulded and a shaped foam helps conform to any patient
- ❖ Provides gentle immobilization of cervical spine
- ❖ Supports cervical spine in neutral position

Knee Wrap

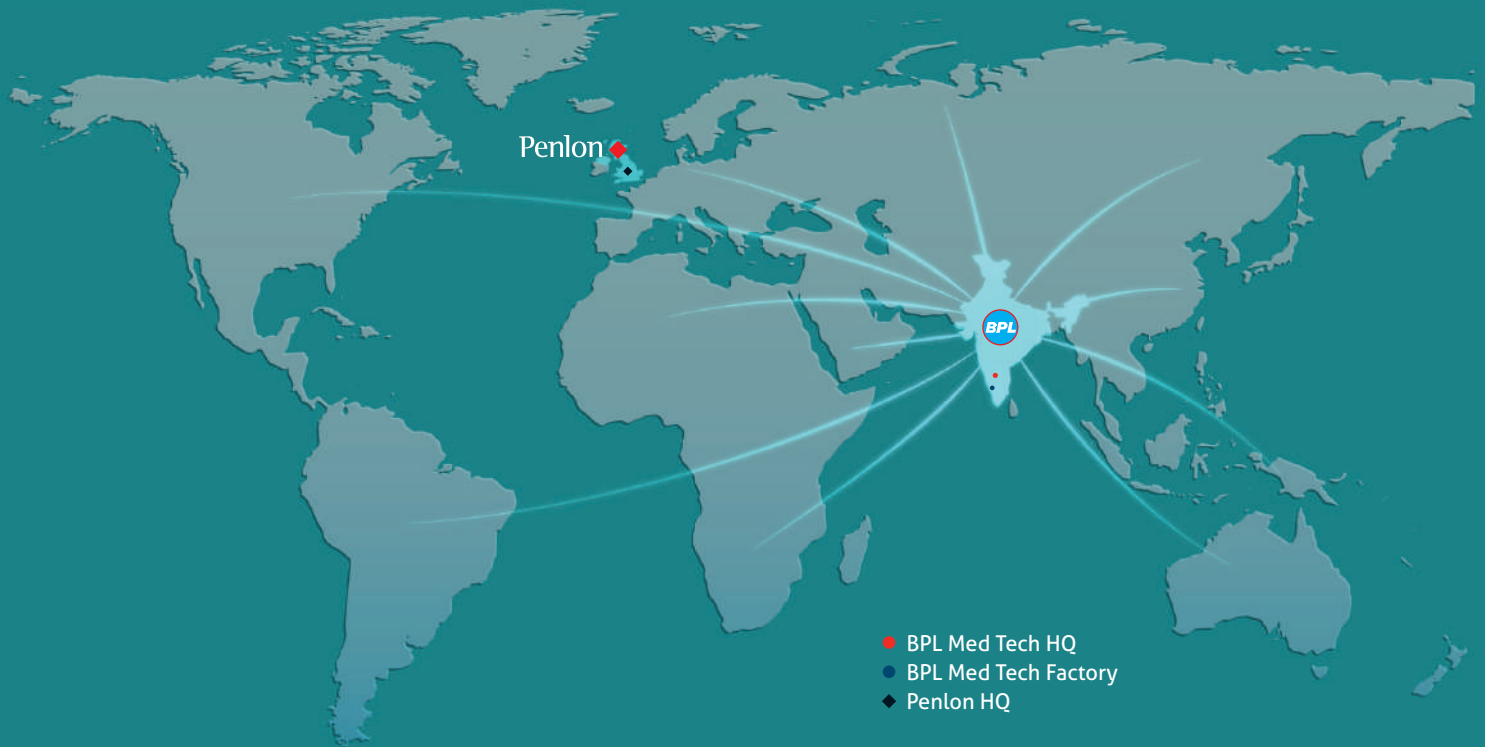

- ❖ Wrap-around design for easy application over swollen, tender joints
- ❖ Universal Two-Way adjustable straps create a custom-like fit
- ❖ Open patella design release patellar pressure and holds the patella in position
- ❖ Ergonomic & Anatomic design ensures no constriction to blood flow

Arm Sling

- ❖ Adjustable sling allows customization of the angle of flexion & offers flexibility in sizing. Slide buckle with single touch opening and closing ensures very easy application & removal
- ❖ Comfort padding on shoulder strap to improves patient comfort & reduce fatigue
- ❖ Universal design fits left and right arm
- ❖ Comfortable lightweight breathable fabric for enhanced user comfort
